Professional

Live streaming made easy.

Video live streaming and live feed company in Malaysia specializing in hybrid and virtual events.

FTF CREATORS STUDIO

Connect with your audience.

We offer a complete service to stream virtual & hybrid events with strategic marketing services so you can reach your audience.

Live video streaming services with professional video and audio are our forte. Your event can be any where in Malaysia and we will broadcast it online! In this new normal era, we help bring your audience to you!

Hybrid & Virtual Events

We stream conferences, training, product launches, seminars, webinars, workshops, press conferences.

Private Events

We stream graduations, recitals, concerts, weddings, parties or whatever you want to share with the world.

Business Meetings

We stream AGMs, analyst briefings, investor meetings, association and club meetings.

Event Marketing

We provide online marketing services that help make your event a success.

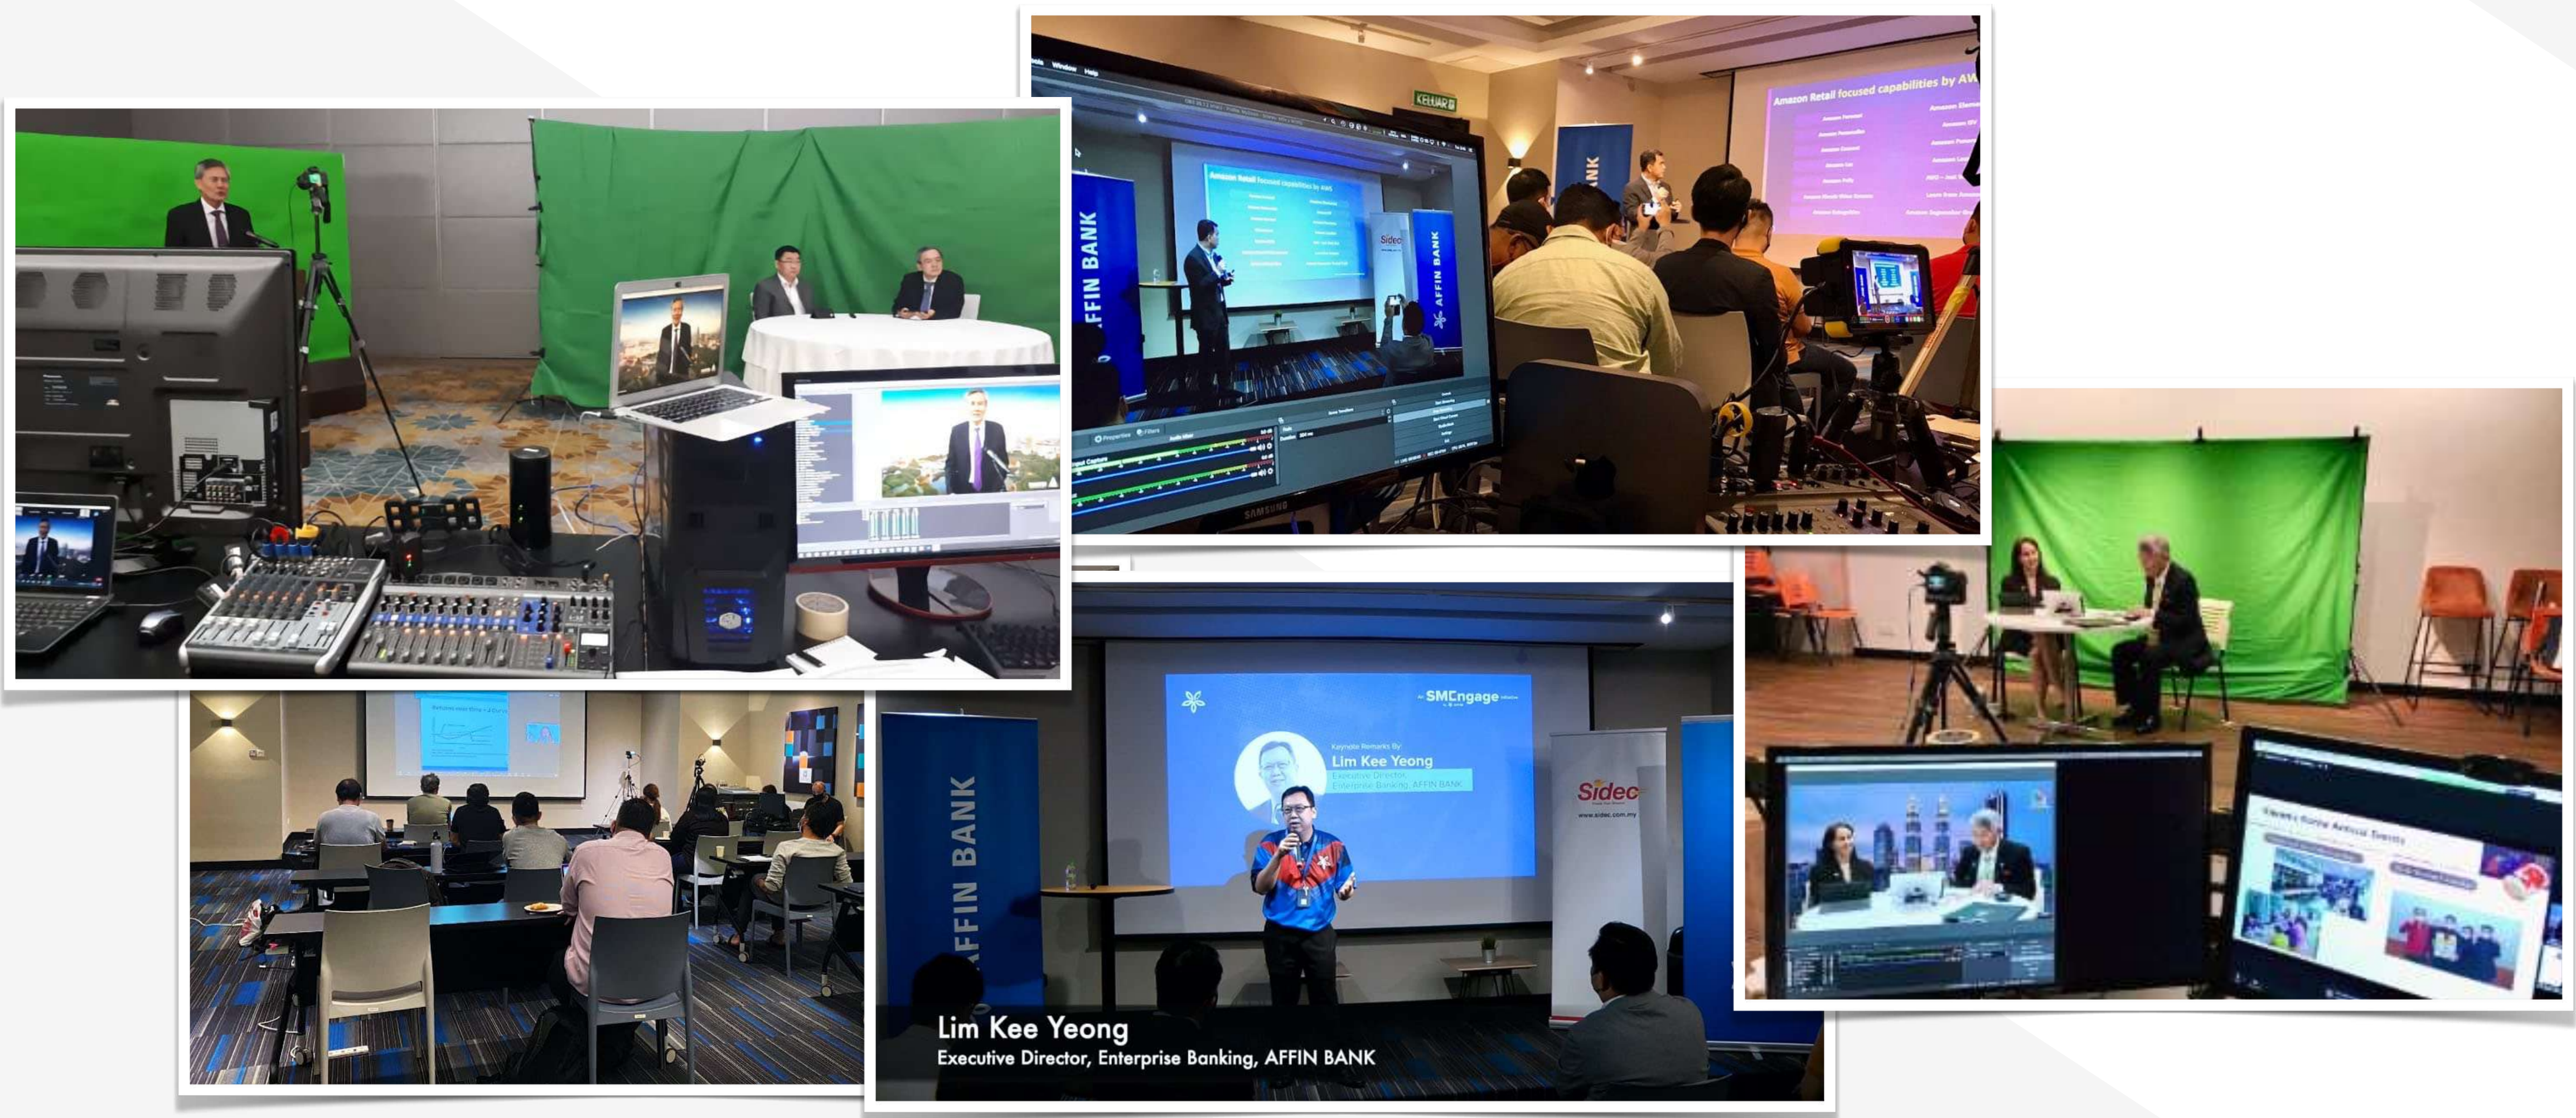

FTF CREATORS STUDIO

Hybrid Events

Turn your in-person events into hybrid events.

Capitalize the power of streaming and extend your reach to your audience. Your event is no longer confined by the boundaries of borders and location. Conferences, training, product launches, seminars, webinars, workshops, press conferences; no event is too large or small for us. Put on a good show in production-quality audio/video and stay connected with your audience.

FTF CREATORS STUDIO

Virtual Events

Never host a boring virtual event again.

Just because its a new norm, it doesn't mean it has to be boring. We produce and manage fully virtual events that are fast-paced, engaging & entertaining. With so much of our lives online these days, our productions are geared toward combating "Zoom fatigue".

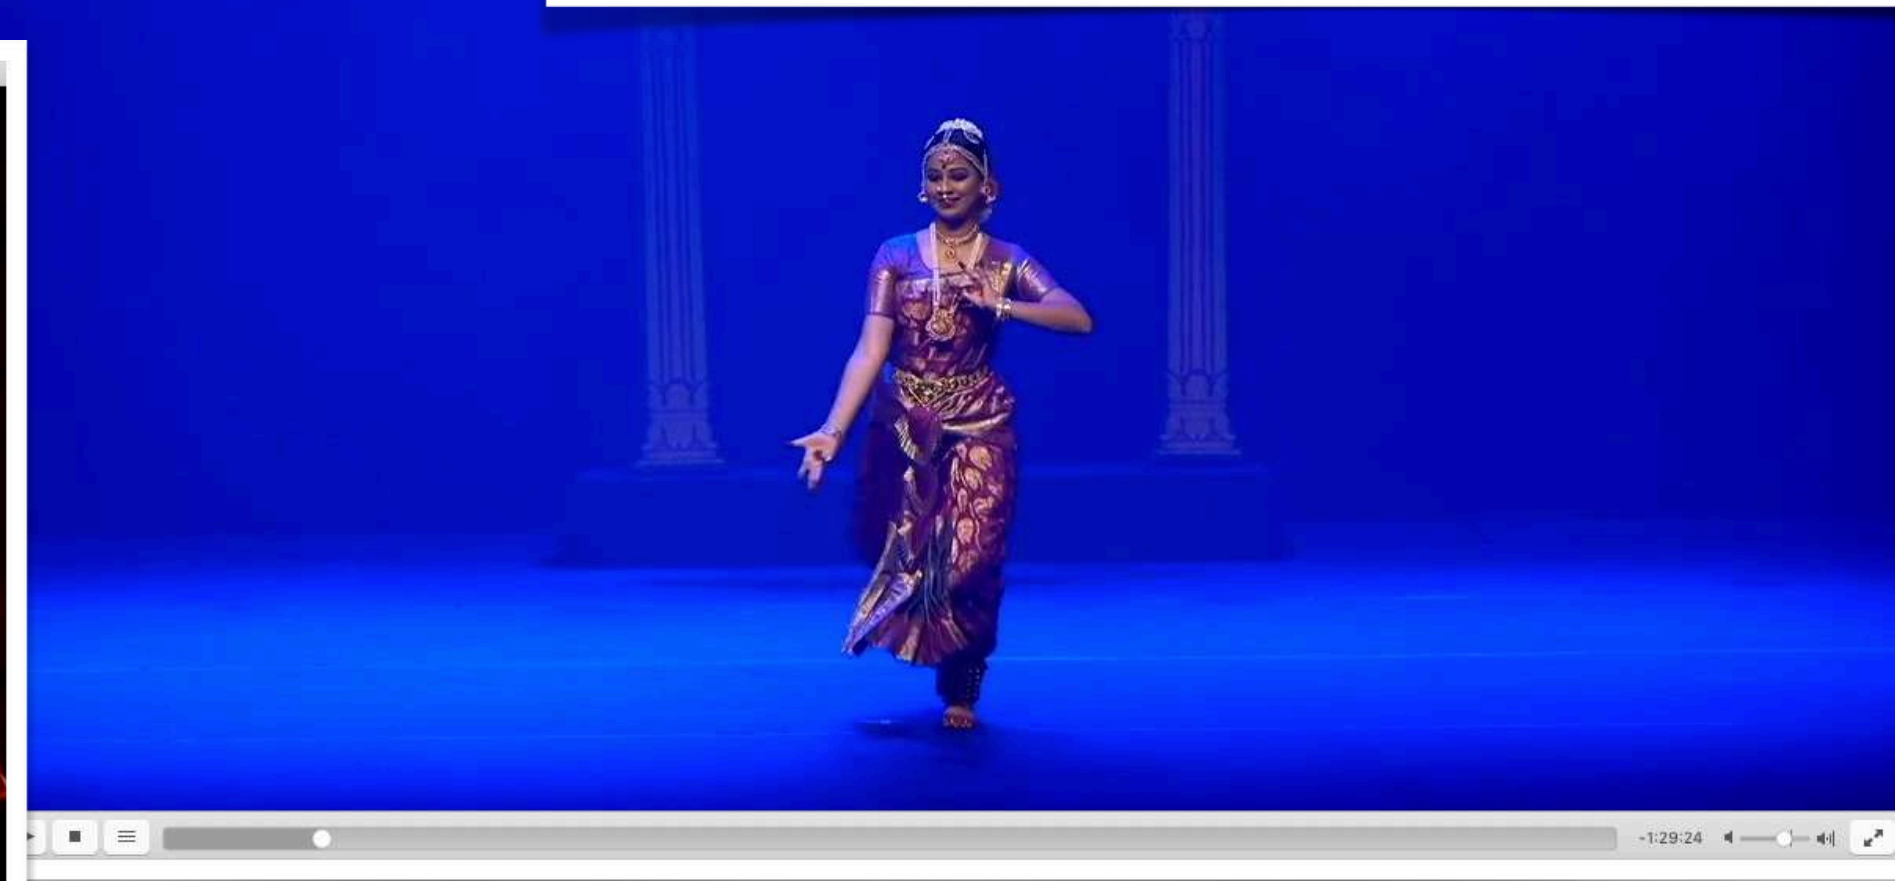

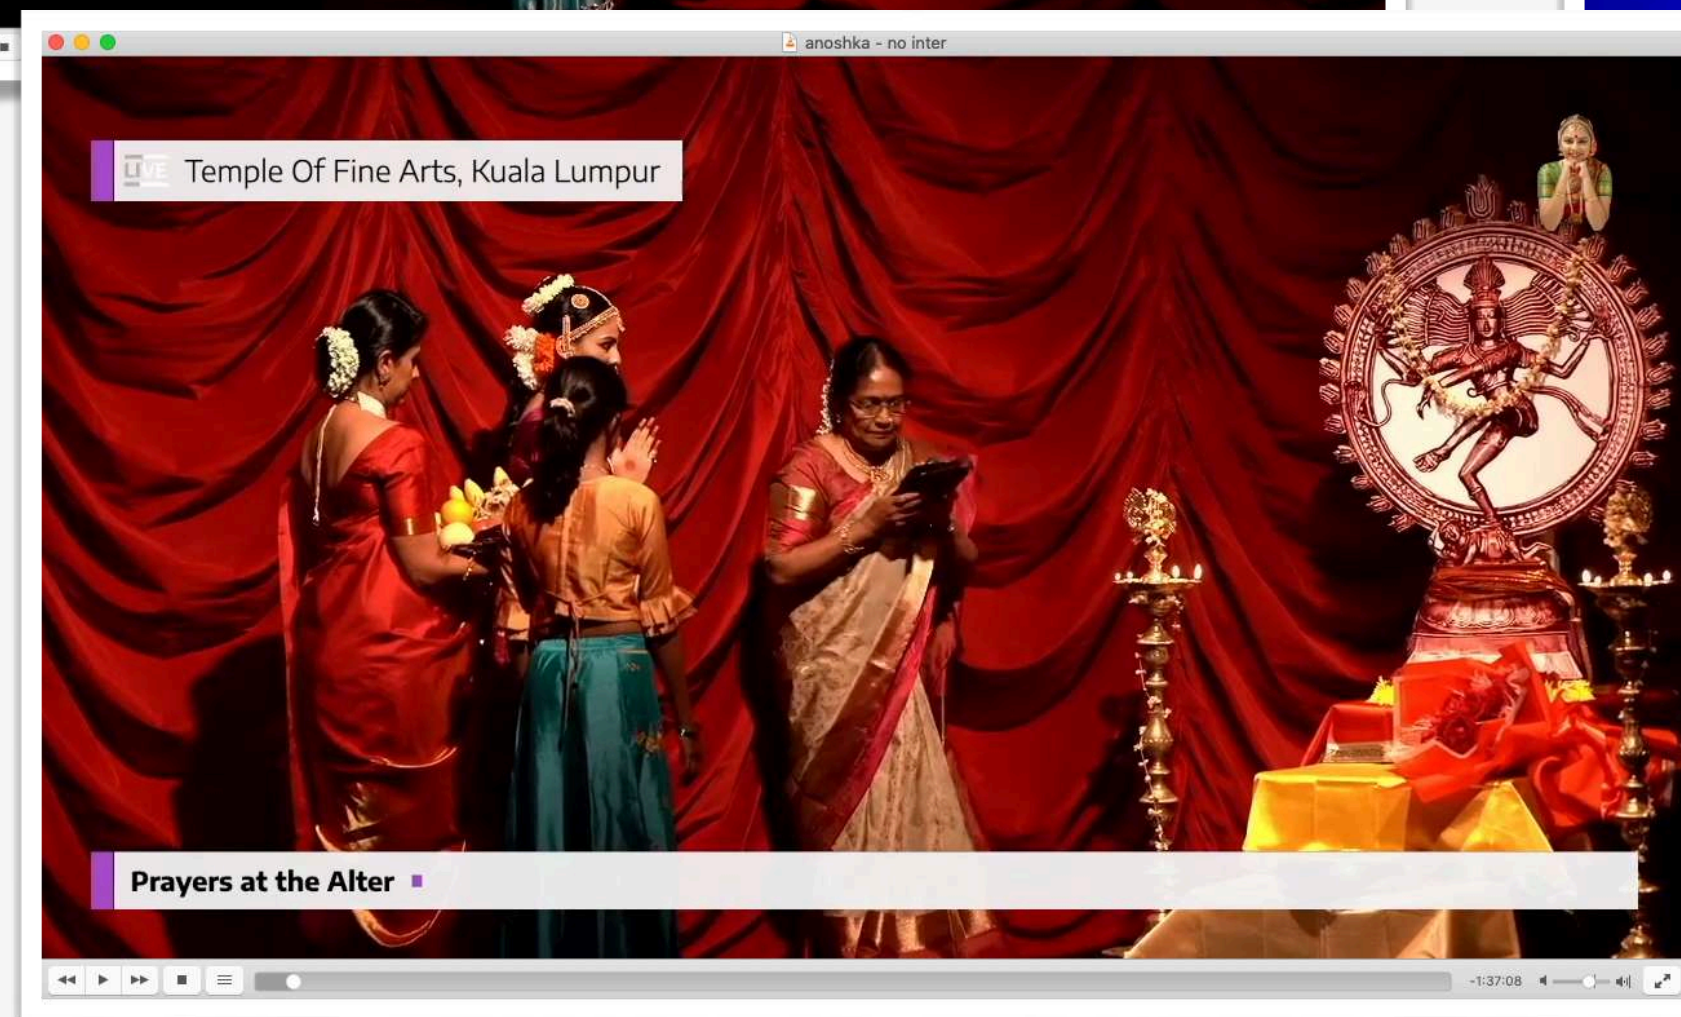

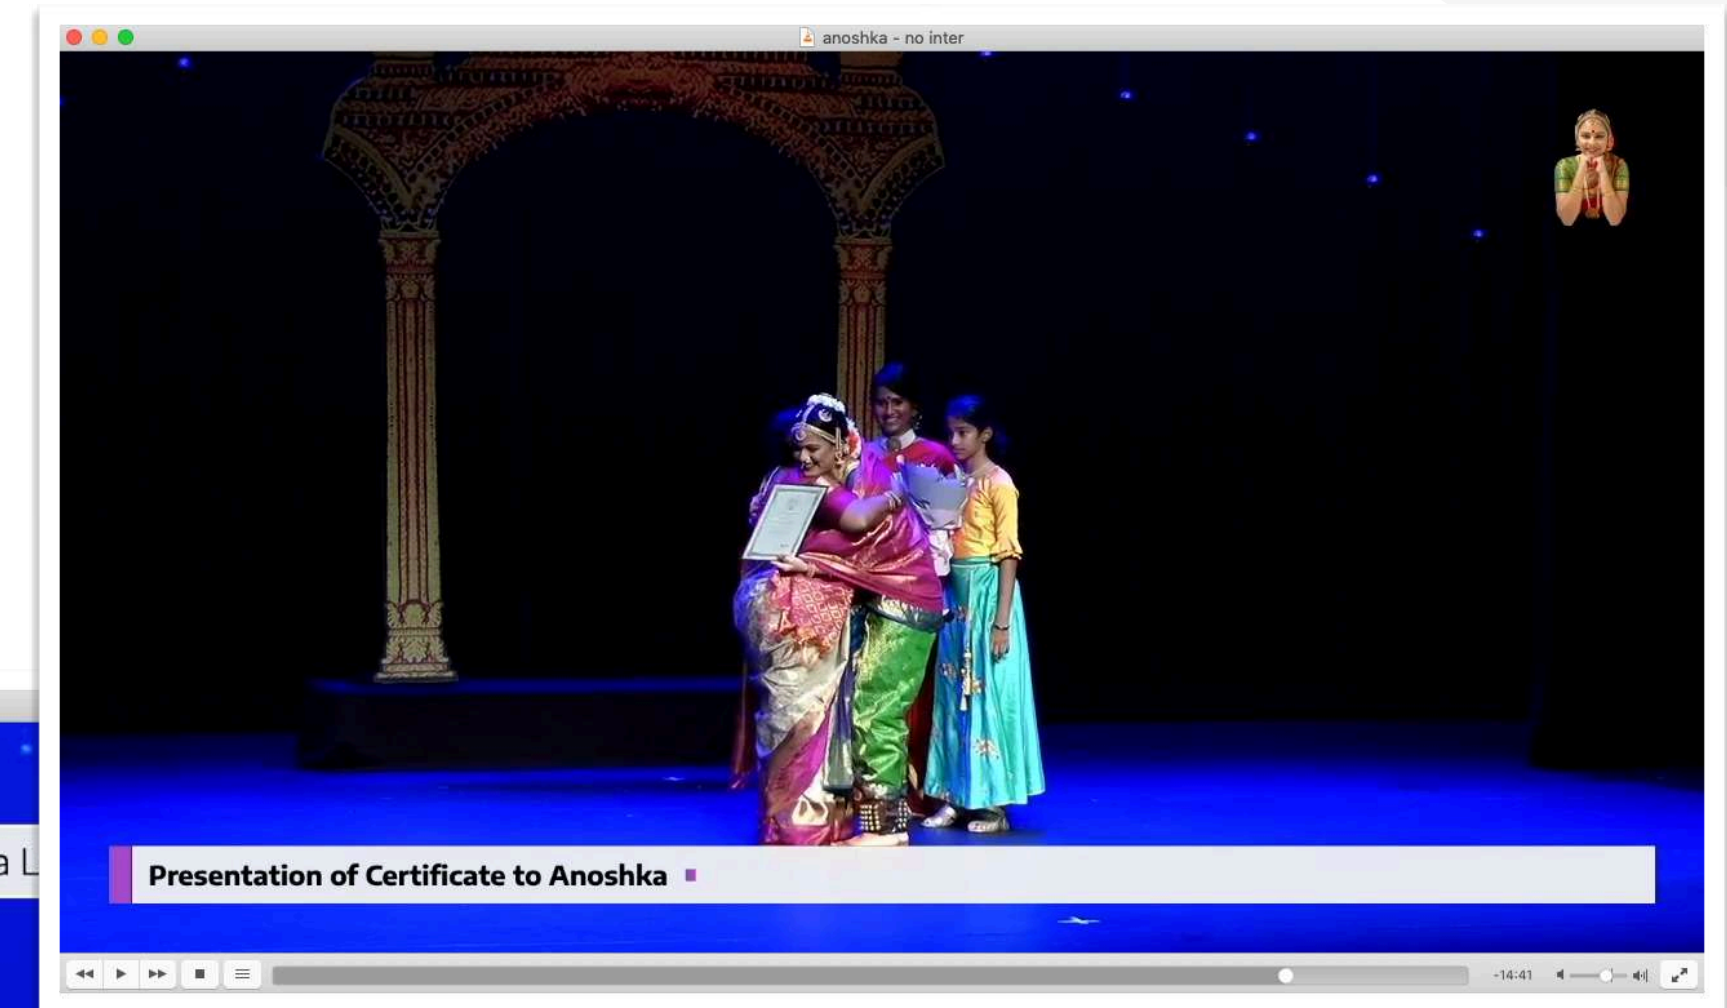

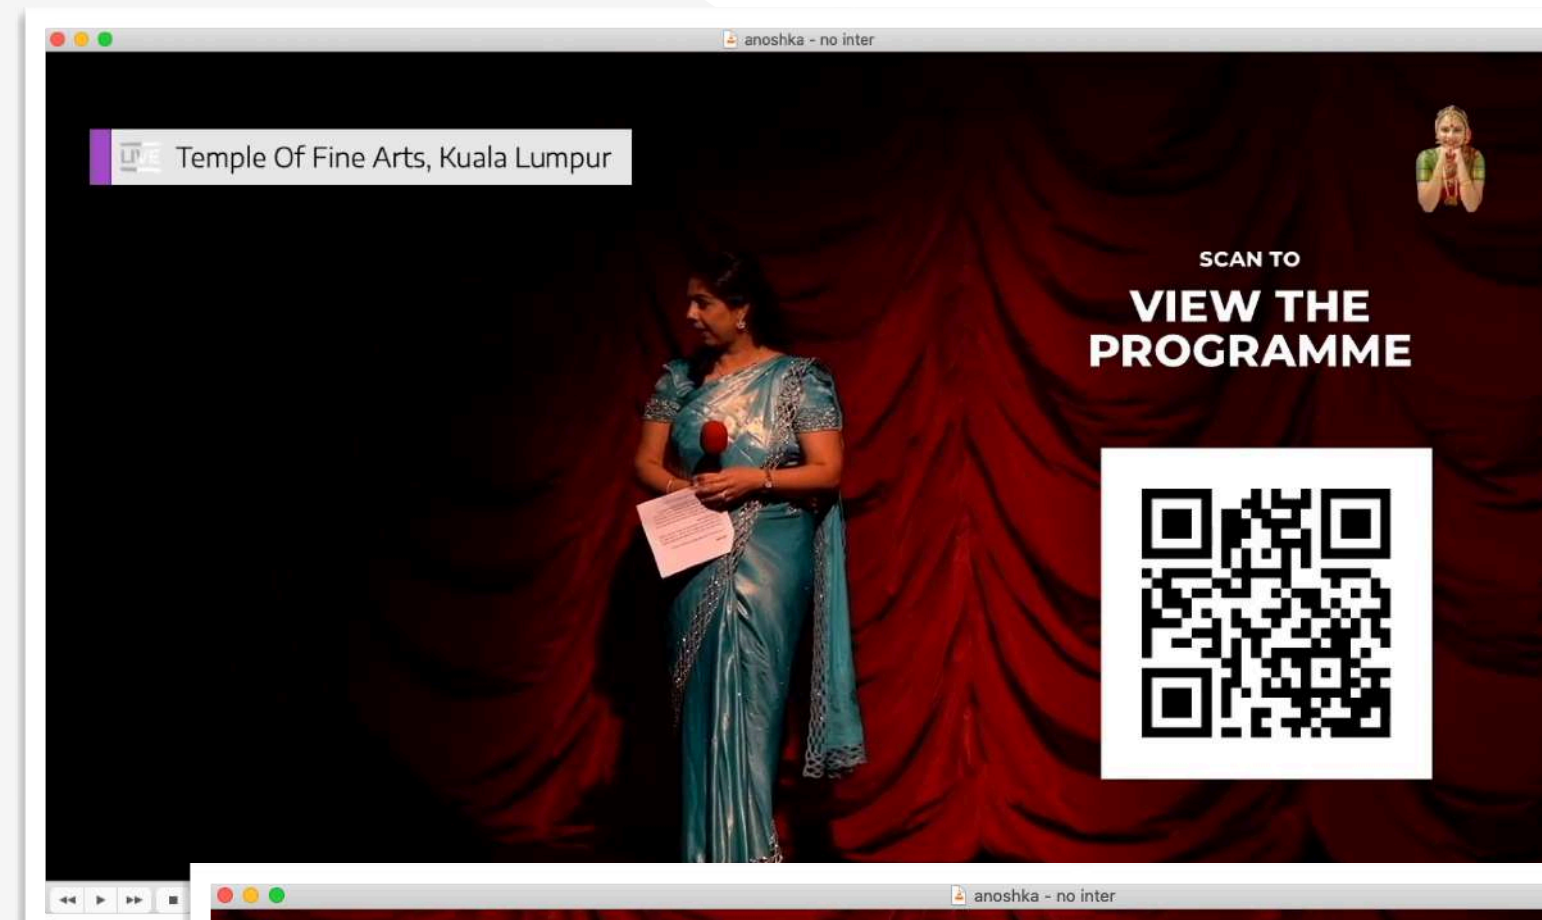

FTF CREATORS STUDIO

Private Events

We do the fun stuff too!

Capture and share those once in a lifetime memories. Graduations, recitals, concerts, weddings, parties or whatever you want to share with friends and family around the world; we make it possible.

FTF CREATORS STUDIO

Business Meetings

Get things done effectively & efficiently

Streaming your event saves time and cost of physical meetings. Fit more people into your meeting than ever before. Let us do the heavy lifting of organizing and streaming the meeting for you. We record and stream AGMs, analyst briefings, investor meetings, association and club meetings, press announcements.

FTF CREATORS STUDIO

Marketing

A successful event is one with high attendance.

Our online marketing services makes sure of that! We build and host event websites that capture your audience's registration (and payment). We promote your event via social media, search engine and email marketing. Click on the images to visit the event websites.
